

Cleaves Law Library

Annual Fund Update 2008-2009

This is a critical period for us. We have experienced a significant decrease in our public support, as well as the drop in our trust fund value.

Membership fees provide a portion of the funding needed to continue our work; therefore the Annual Fund becomes a life-line for our mission.

Cleaves Library is a unique resource in our community that deserves your continuing help. Cleaves Library is a resource that makes research available to the courts and to all lawyers, as well as the public. Your contribution today will continue the vital support we need for our core activities.

We thank the following individuals and firms for these generous donations to the Cleaves Law Library Annual Fund:
