MEMORANDUM OF DECISION

The father of the five children at issue in this case appeals from a judgment of the District Court (Bangor, *Russell, J.*), terminating his parental rights to his five minor children pursuant to 22 M.R.S.A. § 4055 (1992 & Supp. 1999). On appeal he asserts that the evidence is insufficient to support the District Court's findings by clear and convincing evidence and that the court improperly admitted a psychological evaluation of the father. The record contains more than sufficient evidence to support the District Court's findings by clear and convincing evidence, and the record demonstrates that the forensic report, which the parties agreed the court could receive after the hearing ended, was properly admitted and considered by the court.
